

User Guide for Interprefy Now Online Meetings

1. Join the meeting/event platform

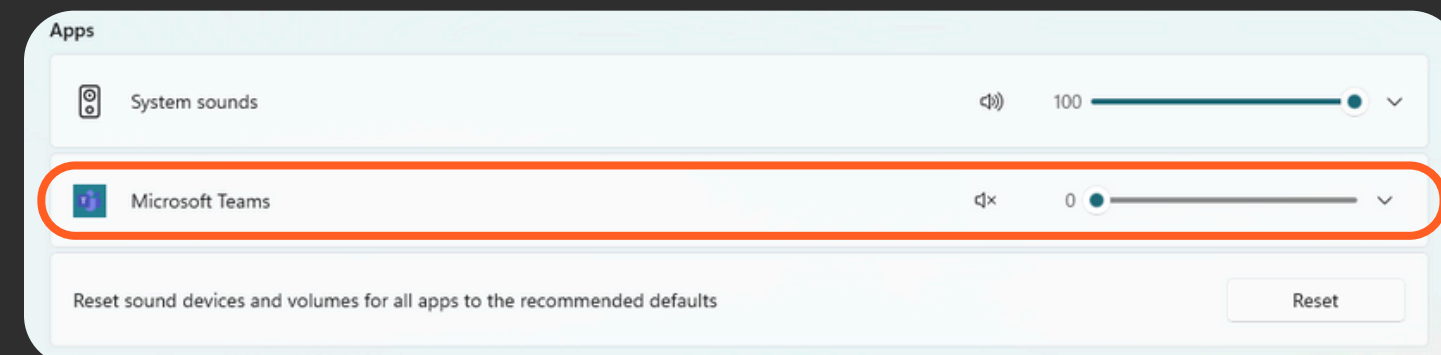

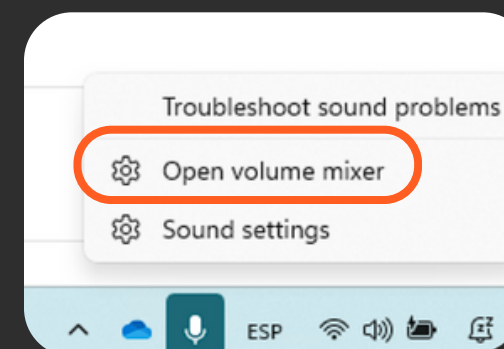

interprefy

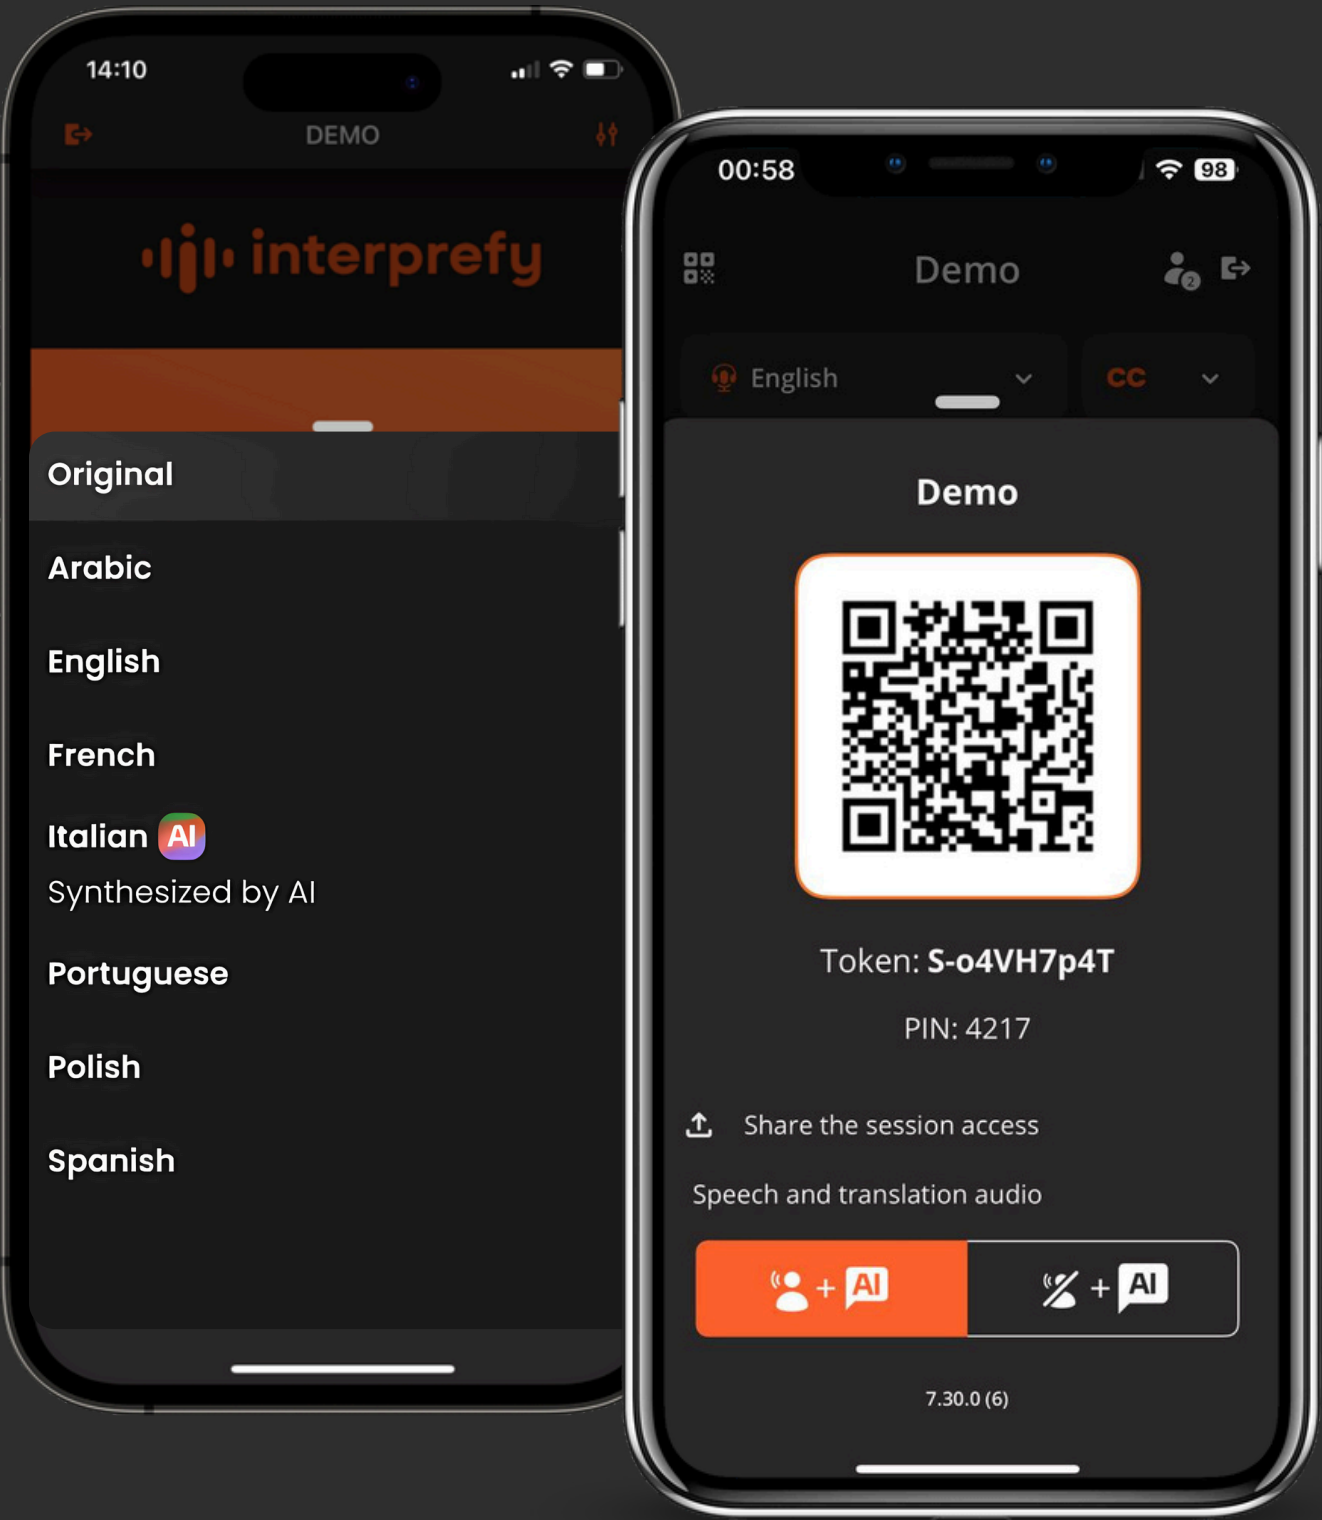

- Use your computer or tablet to connect to Microsoft Teams or the event platform.
- This device will handle video, chat, screen sharing, and other features.

- Turn the sound volume down on this device to avoid audio overlap.

2. Connect to Interprefy Now

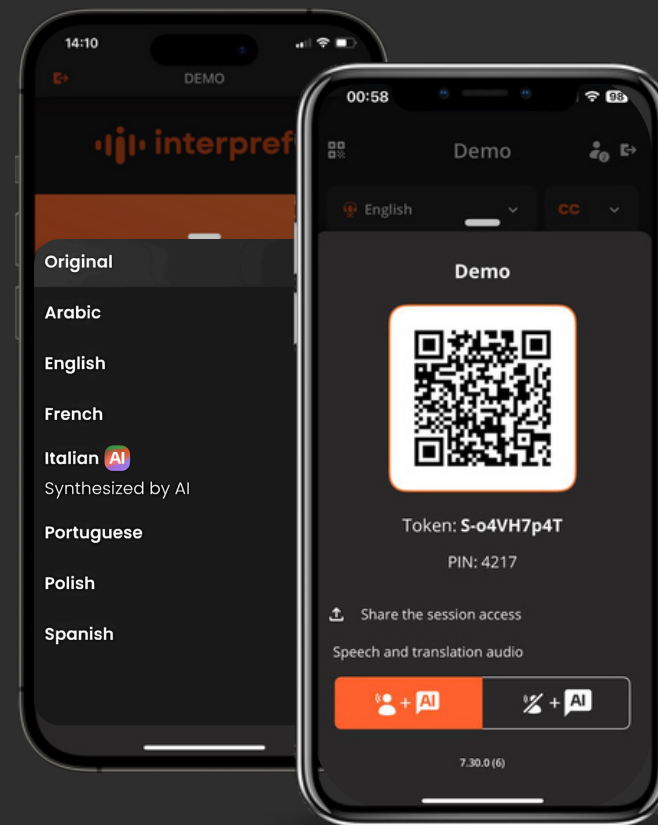

- On your phone, open Interprefy Now.
- Select the correct event and join the audio channel in your preferred language.

3. Use both devices together

interprefy

- Computer/Tablet: Video, chat, presentations, and collaboration.
- Phone: Live interpreted audio stream

Looking to connect people in their own
language at an upcoming international meeting or event?

Let's talk.

Connecting the world in their own
language. Anytime, anywhere.
